WATCHING OVER YOUR ASSETS IS OUR BUSINESS.

SECOM® Interactive system

SECOM Interactive System provides you with a new way of watching and protecting your properties and valuables after business hours. It utilizes video to monitor the security status and detect abnormality in your premises from our SECOM Control Centre.

Our Interactive service is also able to provide you with an alternative to the current physical guard deployment at site and thus reducing cost for your organization in the long term. With the appropriate integration, we are able to take care of your operational requirement after business hour including:-

- Gate, Barrier and door control
- Visitors control
- External perimeter security concerns
- Decam fire alarm monitoring and response service (subject to site survey)

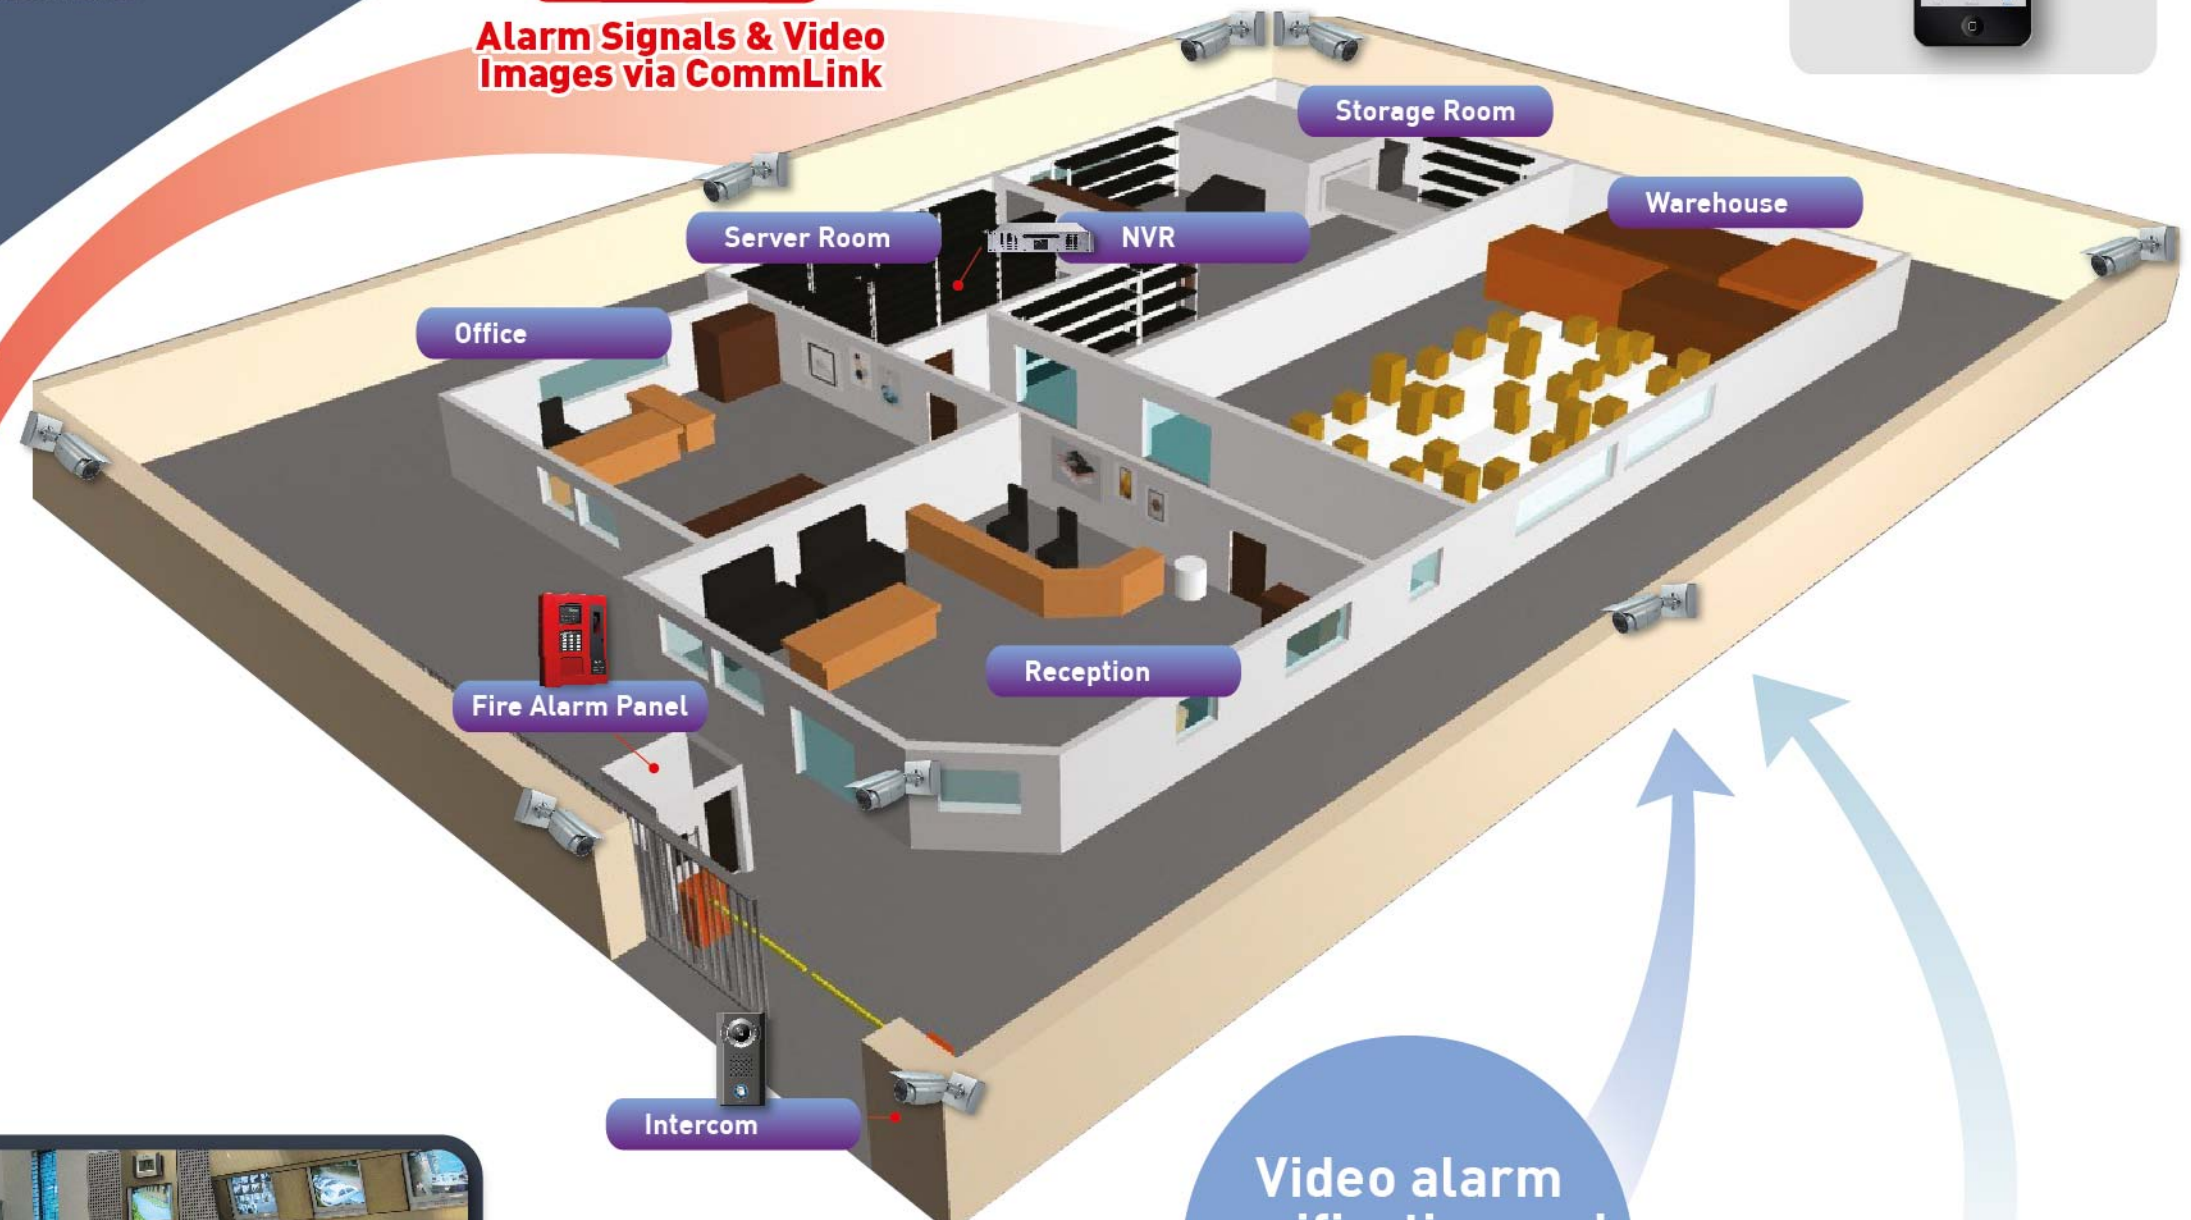

- ✓ Supply of SECOM Interactive System
- ✓ Remote video alarm monitoring
- ✓ Video alarm verification and attend to alarm signals
- ✓ Remote video Patrolling service
- ✓ Comprehensive Maintenance
- ✓ 24-hour Technical support
